

We are very pleased to be getting in touch to share exciting news! DLRCC will be commencing works on Pearse Drive Laneway - the Gaps - this October 2023!

Visit bit.ly/LoveOurLaneways to see all the exciting plans!

Every aspect of the planned works for the Gaps is based on local community feedback during the Love Our Laneways engagement phases June 2021 - June 2022.

DLRCC wants to hear from you in relation to the surface treatment of the laneway:

- Which surface treatment do you like best?
- Would you like the surface treatment to fully or partially cover the laneway?

Feedback must be received by **November 17th 2023**.

A Playful City will be going door to door in the estate on Wednesday 18th October... Hope to see you then!

Visit the project website to view the community brief and plans for the laneway

The Story So Far...

Love our Laneways is an initiative established by Dun-Laoghaire Rathdown County Council ('DLRCC') in partnership with A Playful City. The project is seeking to become an exemplar of how laneways can be reimagined by working with the local community. Pearse Drive/ 'The Gaps' in the Pearse estate has been identified by DLRCC as the first location for the Love Our Laneways pilot project.

Phase 1 & 2
September 2021 - June 2022
