

How to prepare for an environmental review visit

- Have energy, waste and water bills for the previous 12 months available
- Know how waste is generated and managed on site
- Be familiar with any high energy and water usage in your business
- Be aware of any issues of environmental concern to your business

Places on this programme are limited and will be offered on a first come first served basis.

To submit an application and arrange payment of the participation fee please contact:

Gr€€nSave

**A LOW RESOURCE
COMMITMENT PROGRAMME
HELPING BUSINESSES TO
REDUCE ENERGY, WATER
AND WASTE COSTS**

DLR County Council and DLR Chamber are offering the **Gr€€nSave** Programme to businesses in the county to assist them to both save money and become more environmentally sustainable. Participants in the programme will be facilitated to reduce their energy and water usage, prevent waste and achieve an environmental certification (EcoMerit).

Businesses will receive:

- Mentoring support from an Econcertive environmental advisor valued at €1,000
- An on-site environmental review visit
- Assistance to develop an Environmental Policy and Action Plan
- An evaluation visit to prepare for Award of EcoMerit Certification
- Annual surveillance visits to monitor environmental improvements*

*Annual surveillance fees apply in years 2 and 3 (ranging from €200 - €350/year depending on the number of employees)

How to Participate:

- Complete the application form and submit to DLR Chamber
- Pay the participation fee to DLR Chamber
- DLR Co. Co. will contact you to arrange an appointment with Econcertive
- Prepare for the site environmental review visit.

A fee of €250 applies which is refundable if identified savings in energy, waste and water costs do not exceed €250.
