Dublin 7

**JULY 2024**

## **Table of Contents**

<b>1 Strategic Environmental Assessment.....</b>	<b>1</b>
<b>2 Appropriate Assessment.....</b>	<b>2</b>

# **1 Strategic Environmental Assessment**

A review of the proposed modifications as set out in the Planning Authority's Response to the submissions, has been undertaken.

These proposed modifications as arising from the submissions are considered minor in nature and it is concluded that they would not change the conclusion of the previously submitted Report to inform the SEA Screening for the Proposed Amendment, that the Proposed Amendment would not be likely to result in significant environmental effects. Since this is the outcome, full SEA remains unnecessary for Proposed Amendment No. 9 with/without the Planning Authority's proposed modifications.

## **2 Appropriate Assessment**

A review of the proposed modifications as set out in the Planning Authority's Response to the submissions, has been undertaken.

These proposed modifications as arising from the submissions are considered minor in nature and it is concluded that they would not change the conclusion of the previously submitted Report to inform the AA Screening for the Proposed Amendment, that the Proposed Amendment will not give rise to any likely significant effect on any European site. Since this is the outcome, Stage 2 AA remains unnecessary for Proposed Amendment No. 9 with/without the proposed modifications as set out in the Planning Authority's Response.
