You can fill in the form yourself or get help from someone you know and trust to fill out this form for you. However, you will have to sign and declare all information is correct and true on Page 14.

Only one grant will be payable in respect of a property for rent.

c) Checklist for documents to send with this form

To make it easier for you to see all the documents you need to send with this form, there is a **checklist** on Page 15. It is important that you read this checklist before filling out your application form – **and** make sure you send all the documents along with your completed application form.

Vacant Property Refurbishment Grant Levels

From 1 May 2023, a grant of up to a maximum of **€50,000¹** is available for the refurbishment of vacant properties for occupation as a principal private residence and for properties which will be made available for rent, with a tenancy registered with the Residential Tenancies Board (RTB), including the conversion of a property which has not been used as residential heretofore², subject to appropriate planning permission being in place. This is subject to upper limits for the types of work specified below having regard to a reasonable cost assessment by the local authority. The grant is inclusive of the VAT cost of the works.

Where the refurbishment costs are expected to exceed the standard grant of up to **€50,000**, a maximum top-up grant amount of up to **€20,000** is available where the property is confirmed by the applicant(s) to be derelict (i.e. structurally unsound and dangerous) or if the property is already on the local authority's Derelict Sites Register, bringing the total grant available for a derelict property up to a maximum of **€70,000**. In the case of a top-up grant in respect of a derelict property not on the Derelict Sites Register, an independent report prepared by an appropriately qualified professional is required to be submitted along with the application confirming that the property is derelict.

Those applying for the grant are required to indicate on the application form if they are applying in respect of a property that will become their principal private residence or a property that will be made available for rent. This must be indicated at the outset as different conditions apply depending on the application type.

Those applying for the grant are also required to indicate on the application form if they are applying for the Vacant Property Refurbishment Grant alone or the Vacant Property Refurbishment Grant including the Derelict Property top-up Grant.

The level of grant is contingent on the works approved by the local authority and is paid on completion of the works and based on evidence such as appropriately detailed invoice(s) / receipts following a final inspection by the local authority.

From 1 July 2023, additional support under the Vacant Property Refurbishment Grant is available to support the refurbishment of vacant and derelict properties located on the islands to help bring them back into use.

The maximum rate of the Vacant Property Refurbishment Grant payable is up to 20% higher for eligible vacant and derelict properties on qualifying islands.

A list of the qualifying islands where this additional funding is available can be accessed using the following link:

<https://www.gov.ie/en/publication/31da3-populated-off-shore-islands/>

This brings the maximum grant rates for refurbishing properties on islands up to €60,000 for the refurbishment of vacant properties and up to €84,000 where the property is confirmed to be derelict. The maximum cost limits for the individual works categories are also increased by 20%.

1. From 14th July 2022 to 30th April 2023, a grant of up to €30,000 was available for the refurbishment of a vacant property while a grant of up to €50,000 was available for the refurbishment of a derelict property.

2. This refers to buildings previously used for commercial or public use.

A SEAI Better Energy Home Scheme Grant³ may be available in combination with this grant. Works covered by SEAI Better Energy Homes Scheme will therefore not be under the Vacant Property Refurbishment Grant. The local authority must satisfy themselves that proposed works are not claimed for under any other grant.

In respect of rental properties, all landlords are required by law to comply with the standards for rental housing and ensure their properties are fully compliant with fire safety and minimum standards regulations for rental properties. See <https://www.irishstatutebook.ie/eli/2019/si/137/made/en/print>. As part of the declaration to be signed in the application form, all applicants must agree to meet and comply with these standards.

The grant is available to individuals or households for which the property will be their principal private residence or who will make the property available to rent on the private market. It is not available to registered companies, developers, undertakings etc. Applications can only be made by named individual(s) who own the property for which the grant is being applied for or who are actively engaged in purchasing the property.

3. SEAI Grants include Attic Insulation up to €1,700, Cavity Wall Insulation up to €1,700, Internal Insulation up to €4,500, External Wall Insulation up to €8,000, Heat Pump Systems up to €6,500, Solar PV up to €2,400. Further details are available on the SEAI website: www.seai.ie

How the Scheme Works

Eligible Properties

Properties considered for inclusion must be built up to and including 2007⁴ and evidence of this is required to support grant application.

Proof of Vacancy

The property must be vacant for two years or more at the time of grant application. Proof of vacancy is required to support grant applications.

Confirmation of vacancy can be validated and verified by the use of, for example, utility bills, which can help determine vacancy periods (e.g. pattern of usage or disconnection) or such other proofs as are available, to the satisfaction of the local authority. **Confirmation of vacancy must be validated and verified by the local authority prior to grant approval.**

Please note that applicant(s) cannot leave a property unreasonably and purposely vacant for the purpose of qualifying for the grant.

Proof of Dereliction

For a property to be deemed derelict (i.e. structurally unsound and dangerous), the applicant must confirm this by submitting an independent report prepared by an appropriately qualified professional along with the application form. The property can also be deemed derelict if it is on the local authority's Derelict Sites Register.

Proof of Ownership

Proof of ownership is required to support the grant application.

Where the applicant(s) do not yet own the property, for which the grant is being sought, a local authority may give approval in principle to the grant application where the applicant(s) is able to provide evidence of active negotiations to purchase the property, e.g. confirmation of engagement from the estate agent or owner of the property and where the owner provides such evidence as to vacancy as is required under the scheme on behalf of the applicant(s).

Where the applicant(s) are applying for the Local Authority Purchase and Renovation Loan (LAPR), evidence that the LAPR application has passed the Stage 1 assessment will be accepted as evidence of active negotiations to purchase the property.

Such approval in principle shall not be confirmed as approval in full until ownership has transferred to the applicant(s). No drawdown may take place until such ownership has been confirmed to the satisfaction of the local authority.

4. Prior to 1 May 2023, only properties built before 1993 were eligible.

Evidence of ownership for the grant payment, which the relevant local authority may consider, is outlined in the table below.

Ownership Requirements for grant payment	Examples of Proof that may be submitted
<p>The owner must be an individual who owns the dwelling (whether jointly or not) and the local authority must satisfy itself as to the ownership prior to approval of the grant.</p>	<ul style="list-style-type: none"> ▶ Title deed⁵ or similar legal instrument proving ownership of the property; ▶ evidence of payment of Local Property Tax (LPT); ▶ mortgage statement dated within the last 12 months.

The relevant owner is required to reside in the dwelling as his or her principal private residence or to make the dwelling available for rent on completion of the qualifying works to the dwelling.

Where appropriate, the applicant must submit evidence of planning permission for the development / works proposed or a declaration of exemption under the Planning Acts.

Where the applicant is going to use the property as their principal residence, the declaration (Page 14) that the individual intends to reside in the dwelling on completion of the qualifying works to the dwelling must be provided to the local authority. Clawback conditions will apply where the applicant(s) ceases to reside in the dwelling as a principal private residence.

Where the applicant is going to make the dwelling available for rent, the declaration (Page 14) must be provided to the local authority that upon completion of the qualifying works to the dwelling, the property will be made available to rent and that a tenancy will be registered with the Residential Tenancies Board (RTB) prior to drawdown of the grant. Clawback conditions will apply if the property is no longer available to rent within ten years.

The refurbishment of a vacant property for occupation may involve development that requires planning permission. Where appropriate, an applicant under the scheme will be required to submit evidence that planning permission has been attained prior to final grant approval. In cases where a question arises in relation to whether a proposed development needs planning permission or is exempted development, an applicant under the scheme will be required to submit a declaration of exemption under Section 5, of the Planning and Development Act 2000. This question may arise, in particular, in the case of a change of use, properties that have been vacant for a long period of time, and properties that are in a substantial state of disrepair and / or require substantial works.

A local authority may give approval in principle to a grant application where the applicant is required to obtain planning permission for the development / works involved. In these circumstances the applicant(s) shall provide details of their current planning application to accompany their grant application. Any grant approval in principle shall not be confirmed as approval in full until a final decision has issued in respect of the planning application by the planning authority.

5. A title deed can be obtained from the Property Registration Authority of Ireland (www.prai.ie).

Letter of approval / Letter of approval in principle

The charge document referred to above, must be signed and returned to the local authority, after completion of the works applied for and prior to the issuing of the grant payment.

Your local authority may ask you to send in some extra documents such as the following:

- evidence of planning permission or a certificate of exemption under the Planning Acts.

For grants over €10,000

If the approved grant is over €10,000, **you will need** to get tax clearance from Revenue. You can apply for tax clearance using Revenue's online service at www.revenue.ie. If you do not have access to the internet, you can call Revenue on 1890 306 706.

If you do not get the grant, you can appeal the decision

Sometimes an application to your local authority for a grant will not be successful. If your application is not successful, you can write to your local authority to appeal the decision. You must write **within three weeks of the date of the original decision**, and clearly explain why you are appealing. A local authority official who was not involved with the original assessment will then assess this appeal and contact you with the result. This could take up to six weeks.
