Community Recognition Fund 2024 – Dún Laoghaire-Rathdown

Information and Guidelines

The Community Recognition Fund was introduced in 2023 by the Department of Community & Rural Development (DRCD) to recognise the huge efforts made by communities in welcoming and supporting people coming to Ireland.

Through the 2023 Scheme, funding of €50 million was approved for some 900 projects in cities, towns and villages nationwide and see information on successful applicants here: <https://www.gov.ie/en/collection/3a749-community-recognition-fund-2023-list-of-successful-applicants/>

Based on the continued impacts on communities throughout the country and the need to support these communities in welcoming new arrivals where large numbers of citizens from other countries are currently living, a further €50 million is being provided under the Community Recognition Fund 2024.

Dún Laoghaire-Rathdown (dlr) County Council has been allocated €765,487 by the DRCD to deliver projects over 2025 and 2026, with funding being allocated across 2 application windows as outlined in the table below:

Funding:

Funding is targeted to invest in the communities, villages and towns in Dún Laoghaire-Rathdown where the highest level of new arrivals are located including Beneficiaries of Temporary Protection or International Protection Applicants and where a clear need for investment is identified.

Projects will not be deemed eligible for funding in areas that do not have high levels of new arrivals, and the **areas identified in dlr to be prioritised for funding include:**

- **Ballyogan**
- **Blackrock**
- **Dundrum**
- **Sandyford**

Projects to be funded will be capital in nature and shall deliver medium to long term benefits for the communities in which they are located.

The delivery of the project must be completed over the course of 2025 and 2026. A minimum spend of 50% of the allocation must be incurred by October 2025 and eligible projects will receive funding for capital costs. Projects relating to ongoing operational/running costs are not eligible for funding.

The minimum level of funding for an individual project is €50,000 with a maximum of €500,000 applying to any single project. Smaller projects cannot be artificially combined to meet the minimum threshold of €50,000. The 2023 Community Recognition Fund provided funding for small scale investment in communities, **however the focus of the 2024 Scheme is on capital projects of greater scale and impact.**

Local authorities have scope to invest the funding based on local needs, as identified through a “bottom-up” approach based on community engagement.

Local Authorities must ensure that where rate of aid of less than 100% is sought, the project must be achievable and completed in the timelines given.

The type of projects eligible for funding under the Community Recognition Fund 2024 are:

- development, enhancement or refurbishment of community or cultural facilities including play areas, walkways, parks, community/sensory gardens, allotments, and recreational areas;
- development, enhancement or refurbishment of local club and sports facilities including facilities such as community swimming pools, changing rooms, toilets, digital aids such as score / information boards etc.;
- enhancement to school/parish facilities which are open to use by all of the community after school hours;
- purchase of equipment for local clubs, festivals, community events and organisations e.g. music, arts or sports equipment;
- transport infrastructure such as the purchase of community vehicles, bus shelters and attendant information boards; (any vehicle funded must be in good condition and not more than 5 years old)
- projects that help address dereliction and/or wider local economic and community development objectives;
- purchase and refurbishment of vacant or derelict buildings for community use where a clear need is identified.
- purchase of land and associated works for the development of community facilities such as play areas/ Multi Use Games Areas (MUGAs) or town parks/ community gardens, recreational areas etc. (Purchases must only be administered by the local authority).
